

TESTIMONIAL

Michelle,

I just wanted to take a moment to thank you for the very positive and wonderful experience that I had during the process of making up my will and my Powers of Attorneys at Fish Law and Associates.

I was actually a little nervous and unsure of the process in particular, but the moment that I met you, my concerns quickly disappeared. Your warmth, generosity and competence put all my worries to rest. You answered all my questions, of which I had many and did your utmost to assure me that the issues we were discussing, would all be reflected in my will and POA'S, to my utmost satisfaction, and they were!

What also so impressed me was your patience and availability. During the process of making the will and even afterwards, I would call you with questions about different issues and you always lent your support and knowledge to my concerns and you also always called me back almost immediately. And to my surprise, no bill ever followed in the mail for the time that you had spent with me! It was all part of the wonderful service of being a client of Fish Law & Associates.

The whole experience made me feel valued and respected and I thank you for that.

So in closing, I would like again to thank you for all that you and your law firm have done for me and I have and will continue, to unhesitatingly recommend your law firm to all my friends, family and associates.

It was a wonderful experience of what sometimes could be an emotional and difficult process, but I was fortunate enough to find you and your firm to gently guide me through it.

Again, many, many thanks,

Beverley N
